

Doypacks - Recyclable

Clear Recyclable Polymer

(PE/EVOH/PE)

Recyclable & versatile see-through pouches

A transparent and recyclable polymer structure designed for mixing window display with full-colour prints. Heat-sealable design with top barrier protection for a range of goods.

Top-coating (gloss/matt)
Full-colour print (CMYK & white)
Barrier layer
Heat sealable layer

Eco-friendly protection: the whole doypack is classified as 4 LDPE recyclable, thanks to its all PE structure.

Extra freshness: Combined with heat sealing, this material provides long-life freshness for a whole range of goods.

Unique design: match vibrant full-colour prints with see-through display to put your products on show. Complement your design with a choice of closure and display options.
